

Join us on Tuesday!

Please join us in visiting our Senators' staffers on Tuesday if you can. This week is a big week - Indivisible Wallingford has a resolution that many groups in the area - including ours - is passing to them, insisting that our Senators push to include a clean dream act to protect our 800,000 dreamers in the tax bill, or close down the government.

Nearly a thousand dreamers are losing their work permits every week. This is part of a national Indivisible movement to include a path to citizenship for these people, when they qualify of course.

10.25 we will be in the galley. I will wear a pussy hat.

11.05 we get coffee in the Exchange building

11.45 we go and rally and meet fellow Indivisibles from across the Seattle area, learn about their initiatives. At the Federal Bldg (next page).

12.30-1.30 we go and meet with our Senators' staffers.

Join us the whole way, or just the meeting. Whatever works!

I take notes each week and post them here: <http://sadfor.us/tuesday-with-the-senators-staffers/>

Reps

Suggested Republican Reps to call: <http://sadfor.us/wp-content/uploads/2017/12/Reps-to-call-about-tax-scam.pdf>

Senators

It's also worth contacting these Senators, especially Collins: she's been sold down the river, and this tax scam would really hurt her constituents: <http://sadfor.us/senators-to-contact-about-tax-scam/>

Our MoCs

Please also contact our representatives. Even though they are obviously on our side, they tally calls, faxes and emails: and use that information to pressure and inform colleagues: and they use our personal stories about how the tax scam would affect us - teachers not being able to write off school supplies, people having their health care costs raised by 10%, etc.

LTTE

I would recommend writing a letter to the editor in a Republican state / purple district, especially in Maine, Collins' district. Letters can go to their online version and circulate very quickly...
