

Loose Notes from Meeting with Rep. Kilmer's Staffer

September 24th 2019 in the Bremerton office

What legislation is Rep Kilmer working on to help rape survivors?

HR 6387 was from the 115th legislative session:

<https://www.congress.gov/bill/115th-congress/house-bill/6387>, SASCA

-they are trying to get it in the House again. Patty Murray has introduced it in the Senate.

Climate Change

There are many bills relating to climate change now being supported by the [New Democrat Coalition](#).

Rep Kilmer is the chair. We want him to have the group include [HR763](#). He is a cosponsor. It is a carbon dividend program where the proceeds are distributed equally – so that the rich pay more and are incentivized to find solutions.

The doc from the NDC website about the bills:

Shelley's excellent writeups on the NDC Bills, describing them:

We asked for our Rep to cosponsor [H.Res 109](#), the Green New Deal Resolution. We delivered leaflets saying quippy things like 'don't leaf the GND', 'we can't be-leaf you haven't cosponsored the GND', etc.

The leader of #metoo Kitsap, Robin Carson was in the meeting, and keen to keep coming to them. She wants to have workshops the day after the Women's March in Kitsap the same as they do in Seattle. Let's do it!

Racial Profiling Raids in Kitsap

We talked about the social media post about the racial-profiling ice raid in Silverdale on Monday: <https://www.facebook.com/127640734413310/posts/671217216722323?sfns=mo>
